I have read a countless number of books and this is perhaps my favorite. Poignant, sad, happy, and CLEVER. Highly recommend!2 of 2 people found the following review helpful. The Living WillsBy PalmsWhat a lovely novel. I laughed and cried. Reading this book was a total joy.The way the story moved along, I could not help wanting to find out how it would end. Simply good read. The authors in the acknowledgement's section mention taking a moment to become a potential organ donor. I signed up years ago. This is a story that I'll remember for some time to come. Myrna Madura
