Great discussion by an expert in the Global Jihad movement By Stan Lewis This is an excellent discussion of the Islamic supremacists, particularly the Organization of Islamic Cooperation, to stifle any and all speech critical of Islam. This is a well documented essay on the way Global Jihad is advancing their agenda through the UN and how the Clinton State Department assisted in criminalizing speech about Islam. I have seen and heard Ms Weiss speak and watched her on Judge Jeanine. She is clearly an expert on the subject matter. Any of her lectures should be attended by those who are concerned about Global Jihad and the surreptitious attempts to muzzle all who are critical of radical Islam. She is a principal author of Council on American-Islamic Relations: Its Use of Lawfare and Intimidation, published by CFNS (Citizens for National Security) available here - [http://www..com/Council-American-Islamic-Relations-Lawfare-Intimidation/dp/0615857051/ref=sr\\_1\\_1?ie=UTF8qid=1439977942sr=8-1keywords=Council+on+American-Islamic+Relations%3A+Its+Use+of+Lawfare+and+Intimidation](http://www..com/Council-American-Islamic-Relations-Lawfare-Intimidation/dp/0615857051/ref=sr_1_1?ie=UTF8qid=1439977942sr=8-1keywords=Council+on+American-Islamic+Relations%3A+Its+Use+of+Lawfare+and+Intimidation)

By BIRD This is the most useful easy to read expose on the threat posed by the OIC. It is a must read for every American and anyone interested in how the Global Jihad is working its way. Deborah Weiss has done a masterful job in getting us to see that not only do we face a threat from the Violent Jihad and from the Muslim Brotherhood's Civilization Jihad which has been quickly advancing stealthily right under our noses but through the third level of threat- international organizations, the most sinister of which is the OIC. In particular, Weiss brilliantly outlines how our UN representation and our State Department, and particularly Hillary Clinton, have worked hard to advance the OIC's ultimate plan to criminalize globally any and all speech critical of Islam. Once such speech is shut down, Islamic tyranny follows suit. Bravo to Deborah Weiss and the Center For Security Policy for making such an important threat so easily accessible and readable.

Not only in America but the world. Islam is coming and most don't or won't see it for what it is. In this book the focus is on the Organization of Islamic Cooperation. It consists of the 56 Islamic nations in the world and the Palestinian Authority which gives them 57. They are the largest voting block in the UN. Coupled with their mass migration they are a formidable foe. The Author lays out what is behind the OIC as it is called and the dangers that lie ahead. Well written and informative.

Secure Freedom is proud to present this superb addition to its Civilization Jihad Reader Series with the encouragement that the reader take to heart its warnings of a particularly insidious assault on our liberty and heed Deborah Weiss clarion call to join forces to resist it. This is a moment for citizens, legislators and policymakers alike to respond with determination to defend this countrys founding principles. That effort should include an end to all cooperation with the Islamic supremacists of the Organization of Islamic Cooperation, including the Istanbul Process. It should also entail a vigorous and unapologetic commitment to freedom of expression and its employment as an indispensable weapon in the execution of a comprehensive strategy to defeat the Global Jihad Movement.
