**From Oxford University Press : The Oxford Handbook of Comparative Law (Oxford Handbooks)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Oxford Handbook of Comparative Law (Oxford Handbooks):

0 of 0 people found the following review helpful. A very helpful guide to the jungle of comparative law methodology  
By Jang Jun Hyok  
A very helpful guide to the jungle of comparative law methodology. A nice companion for a academic researcher of foreign law. Well worth having a copy in your own library.

By Customer  
As expected!

The Oxford Handbook of Comparative Law provides a wide-ranging and highly diverse critical survey of comparative law at the beginning of the twenty-first century. It summarizes and evaluates a discipline that is time-honored but not easily understood in all its dimensions. In the current era of globalization, this discipline is more relevant than ever, both on the academic and on the practical level. The Handbook is divided into three main sections. Section I surveys how comparative law has developed and where it stands today in various parts of the world. This includes not only traditional model jurisdictions, such as France, Germany, and the United States, but also other regions like Eastern Europe, East Asia, and Latin America. Section II then discusses the major approaches to comparative law - its methods, goals, and its relationship with other fields, such as legal history, economics, and linguistics. Finally, Section III deals with the status of comparative studies in over a dozen subject matter areas, including the major categories of private, economic, public, and criminal law. The Handbook contains forty-three chapters which are written by experts from around the world. The aim of each chapter is to provide an accessible, original, and critical account of the current state of comparative law in its respective area which will help to shape the agenda in the years to come. Each chapter also includes a short bibliography referencing the definitive works in the field.

About the Author Mathias Reimann: Born 8 April 1955. Study of law at the University of Freiburg. First (1978) and Second (1981) State Examinations; Dr. iur. utr. (Freiburg 1982); LL.M.
