**Jennifer L. Dzwonczyk : The Patent Litigator's Job: A Survival Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Patent Litigator's Job: A Survival Guide:

1 of 1 people found the following review helpful. As a patent litigation associate (4th year big firm), ...By ShazhaAs a patent litigation associate (4th year big firm), I ask every single incoming IP associate to buy and read this, and I REQUIRE associates that I work with to read it. Contains concise explanations of so many important procedures. I'd prolly made partner by now if someone had given me a copy of this lol.3 of 3 people found the following review helpful. Good Summary, but Terribly OverpricedBy HeLaThis book contains a nice brief summary of PRE-TRIAL patent litigation, and gives a newcomer an idea of the roadmap. However, the price is, in my opinion, absolutely too high for the thin content.Also worth noting, about half of the book is comprised of forms. These are useful, but shorten

the amount of actual reading considerably.

Written as a guide for lawyers new to patent litigation, this book helps to deal with common procedural issues and teaches how to avoid frequent pitfalls of practice. The lifecycle of patent litigation is thoroughly detailed from beginning to the summary judgment stage.
