**A PERFECT FIRST GUIDE FOR INVENTORS, AUTHORS, COMPOSERS, ARTISTS AND ATTORNEYS.** You will find this book a refreshing relief from bland legal texts. With gentle humor this book reveals the plain truth of how patents, trademarks, and copyrights really work. It is entertaining to read, straightforward to understand, and uncomplicated to apply. With a sly wink, award winning author and former techno-pirate, Diamond Dave Winters exposes both practical applications and foolishness of present intellectual property rules. Then, through real life examples, he demonstrates how to employ them to evade or defeat thieves and brigands without resorting to expensive courtrooms. He even includes a thorough chapter on criminal copyright and trademark offenses. Every inventor, entrepreneur, author, composer, artist, performer, or lawyer should keep a copy within easy reach. **CAUTION: KEEP THIS BOOK AWAY FROM PIRATES!**

About the Author "Diamond Dave" Winters is a former techno-pirate skipper who traded his sword for law books and became a patent attorney. The title "patent attorney" may never be the same again. His unconventional methods produced an amazingly high rate of success for his clients. Now through this book you can share in the same valuable secrets he teaches his winning clientele.
