The Power of a Praying Woman By S. Brooks I found this book quite by accident. I had already bought too many books on the subject of marriage, but this one was different. I thought my marriage was perfect.. so that is where the enemy attacked. It was so easy before, now I see it is something we always need to work on.. like in a beautiful garden, there is always work to

do. The more time you spend on a garden the more beautiful it becomes..marriage can be the same! I know now I need to pray for my marriage and especially for my husband. Like the author, I had already been praying for my children. This book not only helped me with how to pray for my husband, but it convicted me in areas I was completely unaware of. I cried. This book is a much needed tool for all marriages, and I wish I had read it even before I met my husband.

Beautifully designed, this journal is lined with pastel ink and features insightful quotes from Stormie's "Power of a Praying Wife "(350,000 copies sold) and "Power of a Praying Parent "(465,000 copies sold)," "Bound with Satin ribbon.
