From American Bar Association : The Practitioner's Guide to Trials Before the Patent Trial and Appeal Board before purchasing it in order to gage whether or not it would be worth my time, and all praised The Practitioner's Guide to Trials Before the Patent Trial and Appeal Board:

Organized for ease of use, the book's practice-focused information includes: A quick reference for PTAB statutes and rulesBuilding patent trials into your litigation strategyA detailed description of a PTAB trial from petition preparation to appeals to the Court of Appeals for the Federal CircuitClear references to supporting laws, rules, and regulationsPerhaps the most useful feature is a chapter on "Practical Tools" that compiles, in one place, all of the statutes, rules, and PTAB guidance covering PTAB trials, organized by topic. A busy practitioner can look up a topic, such as discovery, claim construction, or joinder, and have all of the collected guidance in one place. Practical Tools are organized using a simple, standard framework including CFR citations; PTO comments during rulemaking; PTAB orders and decisions; references to the PTAB trial practice guide; and informal guidance such as PTAB training presentations.

About the AuthorErika Harmon Arner is a partner at Finnegan, Henderson, Farabow, Garrett Dunner, LLP, where she chairs the firm's Patent Office Practice. She lives in Reston, VA. Joseph E. Palys is a partner at Finnegan, Henderson, Farabow, Garrett Dunner, LLP.
