**David Queen : The Private Investigator's Legal Manual: (California Edition-Second)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Private Investigator's Legal Manual: (California Edition-Second):

4 of 4 people found the following review helpful. Should be required for every investigatorBy Shaun Sundahl, Chino

Hills Private Investigator This book is a must for every licensed private investigator (PI). There are many private investigators, however very few are attorneys AND licensed investigators. Mr. Queen draws from his knowledge of the law and applies it to common issues the modern investigator may come across. Every PI should have Mr. Queen's book as a practical tool for the trade. Although Mr. Queen's book is intended as a reference for California PIs, PI and PI applicants in other states may find this book practical as some of the laws discussed cover federal rules. The applicable California Business and Professions code, Evidence code, and California Criminal Codes are covered in detail in hypothetical examples. Shaun Sundahl, CA PI Exam Instructor CA PI#26810 Sundahl Associates, Inc. ssundahl@crimebullet.com [...] 0 of 0 people found the following review helpful. The Private Investigators Legal Manual (California Edition-Second) by David Queen By K. R. Lodge Credit where credit is due, I believe that Mr. Queen has written this extremely well and it is very informative. I have a Detective Agency in UK that has been operating since 1983, so you could say that I have a great deal of experience in the field. As I am also opening an office in LA I wanted to establish what the exam for a Californian license would cover, now having read the book I have a very clear picture of that. The only thing I would like to have seen in it would have been an example of test questions so we would know approximately how the questions are phrased and how many? More importantly I would like to have known if the answers to the questions have to also include the Penal Code Number and/or other legislation that may apply. 0 of 0 people found the following review helpful. This book made all the difference By Jan Thomas I passed the California PI license test on the first try after reading this book. I have over 30 years of law enforcement experience, but this book taught me all kinds of things I did not know. I don't think I would have passed the test without the valuable information. Mr. Queen goes over all kinds of things a law enforcement officer never deals with let alone thinks about. The book is an easy, understandable read.

This is the second edition of The Private Investigator's Legal Manual, first published in 2005. This second edition includes expanded sections from the first edition, numerous new laws and cases reflecting important changes and developments affecting California private investigators. It is written especially for California private investigators and the attorneys who hire and represent them. The Private Investigator's Legal Manual (California Edition-Second) remains the only complete source for answers to the often tricky and difficult legal issues unique to California investigators. The 300+ page Manual's ten Chapters cover more than 150 topics! It contains analysis of more than 160 court cases and nearly 130 separate statutes and regulations of importance to California's private investigators and attorneys. The Manual also includes the full text of the most important California laws. And, it's fully indexed with nearly 1,000 entries for quick and easy referencing.

About the Author The author has nearly 35 years experience as a federal prosecutor, defense attorney and licensed California private investigator. As a Presidentially-appointed United States Attorney, David D. Queen prosecuted hundreds of criminal cases. Later as Deputy Assistant Secretary of the Treasury he oversaw the enforcement activities of the U.S. Secret Service, the IRS, Customs, the Bureau of Alcohol, Tobacco and Firearms and the Office of Financial Enforcement. He served as a Treasury Department representative to INTERPOL and was a member of the Board of the Federal Law Enforcement Training Center. He is the author of three other legal texts. He lives near Los Angeles.
