Stephen Fishman : The Public Domain: How to Find and Use Copyright-Free Writings, Music, Art More before purchasing it in order to gage whether or not it would be worth my time, and all praised The Public Domain: How to Find and Use Copyright-Free Writings, Music, Art More:

3 of 3 people found the following review helpful. The Public Domain - RevealedBy Morgan DaviesThe Public Domain shows you how you can make money with public domain books, articles, music, and more. It reveals sources of public domain books, articles, music, and so on, both old and new. Because it thoroughly examines public domain, especially legal aspects of it including finding out whether or not a work is in the public domain, it can help keep you avoid legal problems.If you are looking for material or inspiration for any creative endeavour, this book offers a huge source of material, content and ideas.1 of 1 people found the following review helpful. A fantastic resourceBy Magda

S. Truth be told, I first borrowed this book from the library, then renewed it, so I see that I will want to have my own copy on hand as reference. It is clear, easy to use, and thorough. There is a ton of information on how to find and use material that is copyright free, making it immensely useful for many types of writers and artists. This is not about profiting off the work of others. Many creative individuals enjoy dipping back into the past in order to create new works, make commentary, or utilize unique visual material. This book shows you how to do so legally and economically. 1 of 1 people found the following review helpful. How to Be Smart in Using Free Materials By Kath in CO This is a great "how to" book on negotiating the tricky slopes of using any kind of materials with or without copyrights. There is some repetition, but it allows you to read the chapters you need as stand-alines. Good for background on understanding U.S. copyright law and the changes for different time periods

Even though grade-school teachers have told us otherwise for years, you can copy other people's creative work and get away with it. How? By dipping into the public domain, where everything is free for the taking. The first book of its kind, *The Public Domain* is the definitive guide to the creative works that are not protected by copyright and can be copied freely or otherwise used without paying permission fees. The book explains step-by-step how to recognize when a work is in the public domain. Chapters cover: * writings * music * art * architecture * maps * choreography * photography * film and video * computer software and databases The book also lists hundreds of resources, such as websites, libraries and archives, useful for locating public domain works. Destined to become a classic reference guide, *The Public Domain* is indispensable for anyone who deals with creative works, including publishers, web developers, writers, musicians and composers, artists, librarians, photographers and filmmakers.

A comprehensive and accessible key to a vast storehouse of knowledge and information. -- Peter Beren, co-author of *The Writer's Legal Companion* An indispensable resource for writers, scholars, creative artists, editors, publishers and librarians. -- Emmy E. Werner, Ph.D. Research Professor, University of California, Davis Lucidly written and amply illustrated, this book will become a landmark legal guide for the layperson. -- Emmy E. Werner, Ph.D. Research Professor, University of California, Davis About the Author Stephen Fishman received his law degree from the University of Southern California in 1979. After stints in government and private practice, he became a full-time legal writer in 1983. He has helped write and edit over a dozen reference books for attorneys. He is the author of *Software Development: A Legal Guide*, *Copyright Your Software*, *The Copyright Handbook*, *Consultant Independent Contractor Agreements*, *Working For Yourself: Law Taxes for Independent Contractors, Freelancers and Consultants*, and *Hiring Independent Contractors: The Employers Legal Guide*, all published by Nolo.
