opens your mind. Gives you a understanding of the Universal laws and the noahide path to bring you closer to G-d. I love it and plan to share it with my family and friends.0 of 0 people found the following review helpful. Five StarsBy codegood6 of 7 people found the following review helpful. A guide for modern manBy Steve WilliamsonTo say this is a life changing book is an understatement. Even the author says that certain of his core beliefs were changed while researching this book.Mr. Dallen, a lawyer by profession, presents a case for righteous behaviour that would sway any jury. The book is very well written, and easy to read and understand. The multitude of references that Mr. Dallen provides would easily take years to study.This book is not a call to change a person's faith, nor a call to convert to any specific religion, but is instead a book calling us to come back to the minimum requirements that God has given for proper living.Be forewarned, this book will change your life.

The vast majority of the human race is subject to a wonderful, pre-Mosaic body of law and spiritual and moral wisdom: the Seven Noahide Commandments. These are our Creator's basic rules and instructions for living a moral, fully human life.

"At long last we have a practical and learned treatment of this vital subject...Truly a MOST wonderful work." -- Prof. James D. Tabor, University of North Carolina/Dept. of Religious Studies"Mr. Dallen has embraced the historical importance of the emerging Noachide movement...he brings this ancient religion into modern times." -- Rabbi Michael Katz, from the Foreword
