**Stephen Gillers : The Regulation of Lawyers** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Regulation of Lawyers:

4 of 4 people found the following review helpful. Worst legal textbook I've readBy G\_S\_I hated this textbook. I found both the writing and the organization to be confusing. The subject matter itself is a lot simpler if you learn it without reading this book. Most legal textbooks contain a series of edited cases with some exposition. I found that while this textbook contains some cases, it mostly follows the patter of posing hypothetical questions followed by a loosely connected string of case summaries with no transitions. I think the problem is that the author doesn't utilize a separate section of note cases like most legal textbooks. So instead of having a neatly ordered list of varying tidbits, you have a

lump of tangential information.0 of 0 people found the following review helpful. An Unnecessary Supplement to the RulesBy Dwayne CurryAt the end of the day, if you're looking to learn the rules of professional conduct/ethics for lawyers, the rules themselves (as published by the ABA or an equally accredited source) more than suffice. This book is an interesting supplement, but surely not a necessary one. I hardly cracked it open and still managed an A+ in my Professional Responsibility class. Skim the book, take it in, but don't spend too much time on it.0 of 0 people found the following review helpful. Silly BookBy A. CapelloI understand Professional Responsibility is important, but this book makes a mockery of it. I would not recommend this book.

Writing in his direct and lively style, Stephen Gillers explores the subtleties and nuances of the legal and ethical rules governing lawyers and judges. From great teaching cases, timely materials, and realistic problems, students come away with new insight, equipped to detect and avoid improper conduct over the course of their professional careers. Refined through years of classroom use, this casebook offers:

- author Stephen Gillers, a recognized authority and clarion voice on professional responsibility
- a balanced mix of cases, law review articles, and text often drawn from recent headlines
- engaging and realistic problems, revised and augmented throughout
- excellent case selection that exemplifies multiple variations on particular themes
- in-depth treatment of issues in clearly written notes
- outstanding annual statutory supplement co-authored by Roy D. Simon and Andrew Perlman

Regulation of Lawyers: Statutes and Standards covers all major and many minor rules governing lawyers and judges, along with important state variations

Updated throughout, the Eighth Edition includes:

- an introductory essay on theories and ideology behind legal ethics
- issues surrounding electronic stored information, discovery duties, and obstruction of justice
- the 9th Circuits Napster opinion on the crime-fraud exception to the privilege
- expanded treatment of ethical issues arising from inadvertent disclosure of privileged information
- expanded treatment of duties with regard to real evidence, including the prosecution of Philip Russell in Connecticut
- changes in the new ABA Code of Judicial Conduct, judicial campaign speech and judicial seminars
- litigation Funding Companies
- criminalization of legal services
- the 3rd Circuits Teleglobe opinion on privilege in corporate family representation
- Playbook conflicts
- new coverage of prosecutorial ethics, including a NY Times story on a prosecutor who threw a case and issues in making the charging decision and prosecutorial and municipal liability for pretrial publicity
- the Supreme Courts Gonzalez-Lopez opinion on remedy for improper disqualification of chosen counsel
- the McNulty and Filip memoranda on government requests for corporate privilege waivers

You can depend on author Stephen Gillers to provide a stimulating and dynamic classroom experience. Through eight editions, Regulation of Lawyers has consistently responded to the times by mapping a legal and ethical landscape with penetrating insight.
