Robert C. Prall : The Rights of Children in Separation and Divorce: The Essential Handbook for Parents

before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Rights of Children in Separation and Divorce: The Essential Handbook for Parents:

In this very informative book, Dr. Robert C. Prall, the renowned child psychiatrist, presents the rights that children should have when their parents separate or divorce. Dr. Prall discusses the reasons for each right. And he tells ways

that parents can prevent and solve many of the problems children have during these traumatic experiences. This is a very clear, quick-to-read, easy-to-follow book that offers many valuable insights and helpful suggestions.

As I read this book, I thought to myself--what a wealth of caretaking wisdom lies between its covers. -- E. James Anthony, M.D., FRCpsych. I wish all the families that came into my courtroom could have the benefit of the wisdom contained in this book. -- Judge Deborah L. Richardson, Family Court, Travis County, Texas In this practical handbook, Robert C. Prall, M.D. ... provides very clear and useful suggestions to divorcing parents. --Albert J. Solnit, M.D., Yale Child Study Center About the Author Robert C. Prall, M.D., has been a Child, Adolescent, and Adult Psychiatrist and Psychoanalyst for more than fifty years. He has worked extensively with families in emotional distress, especially those undergoing separation or divorce. He graduated from the University of Pennsylvania School of Medicine and had his training in Child Psychiatry at the Child Study Center in Philadelphia. He graduated in Child, Adolescent, and Adult Psychoanalysis from the Philadelphia Psychoanalytic Institute. He was Professor of Child Psychiatry at various medical schools in Philadelphia for many years and is presently in Austin, Texas, where he is the Senior Psychiatric Consultant to the Austin State Hospital Children's and Adolescent Psychiatric Unit. Dr. Prall has lectured nationally and worldwide to professional groups on subjects relating to sensible parenting, child development, and the diagnosis and treatment of emotionally disturbed children and their parents. He has used the materials he developed on The Rights of Children in Separation and Divorce for many years while working with families in distress. He found it is very helpful if parents consider the rights of their children when they make decisions during and after the process of separation and divorce.
