First signed in 1886, the Berne Convention for the Protection of Literary and Artistic Works is still the cornerstone of international copyright law. In this groundbreaking book, Sara Bannerman examines Canada's struggle for copyright sovereignty and explores some of the problems rooted in imperial and international copyright that affect Canadians to this day.

A much-needed summary of the various international copyright conventions, their changing terms, and their influence on Canadian policy over the last one hundred plus years. - C. C. Ian Kyer, Counsel to the Toronto office of Fasken Martineau From the Inside Flap First signed in 1886, the Berne Convention for the Protection of Literary and Artistic Works is still the cornerstone of international copyright law. Set against the backdrop of Canada's development from a British colony into a middle power, this book reveals the deep roots of conflict in the international copyright system and argues that Canada's signing of the convention can be viewed in the context of a former British colony's efforts to find a place on the world stage. In this groundbreaking book, Sara Bannerman examines Canada's struggle for copyright sovereignty and explores some of the problems rooted in imperial and international copyright that affect Canadians to this day.
