This text successfully uses a host of techniques to help students learn about the complex subject of constitutional law at a level that college students can understand. Lists of key terms, related Websites, practice questions and further readings combine with visual aids, chapter connectors and more to assist students in developing a basic yet valuable understanding of constitutional law. The historical timeline and constitutional summary give students a sense for the

big picture as they read individual chapters. And the discussions and supporting material are presented in a very reader-friendly format, keeping the students from struggling through legal-ease.

"I have never seen a Criminal Justice oriented constitutional law text that did such an excellent job of giving the big picture of the Constitution." - Jennifer Labosky, Davidson County Community College, Lexington, North Carolina
"Constitutional Connectors: This was fabulous. I haven't seen these before. I liked the term and I liked the concept!" - Kelli Styron, Tarleton State University, Stephenville, Texas
"ing this work has become advantageous to this instructor for a variety of reasons. First, it provides him with a refreshing interpretation of constitutional law. Second, it provides him with new information that had not come his way from some other sources. Third, it has caused him to give serious consideration to using this text." - William Kelly, Auburn University, Auburn, Alabama
