Katherine A. Currier, Thomas E. Eimermann : The Study of Law: A Critical Thinking Approach (Aspen College) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Study of Law: A Critical Thinking Approach (Aspen College):

0 of 0 people found the following review helpful. Bettr Than Average TextBy RipleyThis a very good text for use in my Fundamentals of American Law class. Good for knowledge of the subject matter and for test/quiz review areas. Chapters divided into an outline form, which is the way I take my notes, and has just the right amount of information without getting overly wordy.I recommend this to any 100/200 level intro course professor.0 of 0 people found the following review helpful. Great value. Great book so beginnersBy SusanRented this one. Great value. Great book so beginners.0 of 0 people found the following review helpful. Five StarsBy ghazanfar alievery citizen should read this book.

The latest edition of *The Study of Law: A Critical Thinking Approach* offers a comprehensive, intelligent overview of all the key concepts covered in a typical introduction to law course. A critical thinking approach is used to introduce students to the study of law, encouraging students to interact with the materials through hypotheticals, examples, and well-designed questions. The text is divided into two parts, reflecting the topics addressed in an introductory course. Part I, *Introduction to the Legal System*, introduces students to the sources and classification of law, the structure of the court system, and an overview of litigation. Part II: *Basic Legal Concepts*, covers the basics of analysis and interpretation of the law, followed by chapters on substantive law. Key Features of the New Edition: Teaches students the basic skills necessary to understand statutes and court cases. Strong pedagogy reinforces well-written text presented in an accessible and well-organized format. Edited cases are included in every chapter to teach students how to read and analyze the law. New coverage includes: the Boston Marathon bombing case, the Affordable Care Act, and trademark issues involving the Washington Redskins, e-filing and e-discovery, discussion of same-sex marriage and custody disputes over pre-embryos, and crimes of unauthorized access of computer data and warrantless searches of cell phones.
