someone with lots of things to probate. But do tell your loved ones to set up their accounts as POD and you also will have it easy.

Have you ever wondered what would happen if someone you loved tragically passed away unexpectedly? Would you know what to do? Finally a short EASY question and answer book that will answer some of the most common questions in an easy to read format. None of us have experience in dealing with the death of a loved one until it happens to us. No one can understand what we go through until we go through it. This book is from an attorney who has been through it and explains in an easy way what to do when the unexpected happens.
