This kit is designed to help divorcing parents get educated and get favorable custody arrangements that help children develop normally. It contains the following: a) Three double DVD sets (6 DVDs) videos to be submitted as evidence and to educate the parents, judges and lawyers about the state-of-the-art in what is best for children of divorce. b) An audio CD set to use in the car, c) The book with footnotes of over 200 research studies, d) Electronic files (by email) with over 200 case laws and research references. Includes the text book is "Father and Child Reunion" by Dr. Warren Farrell. As a top world expert who spent 13 years collecting and studying all available scientific research on children of divorce he acts as an expert witness in many states. However this information is valid in all states and every country in the world because it is about children, more than law. The three DVD sets are included for both parties and the

court. Included are the bibliography, footnotes and references to other research. You will also get access to a large list of legal citations for inclusion in your court case and conclusions of law. This is a powerful aid that can help you get more time with your children and also help save them from the ravages of divorce. The real facts on what is really superior for children of divorce. Try to educate and mediate to save your estate from lawyers, but if you must litigate you need this kit. Here is the proof to help you both convince your spouse what is best for your children and win in court if you can not. Dr. Farrell is a top world expert on children of divorce who has won almost every case he has been involved with for the client when advocating for 50-50 shared custody. Do not let the system separate you from your children for its profit. This is what drives the divorce industry. What is best for children is clearly equal/shared parenting is all cases where one parent is not unfit.
