La Trice M. Washington : The Veteran's Millennium Health Care Act of 1999: A Case Study of Role Orientations of Legislators, the President, and Interest Groups before purchasing it in order to gage whether or not it would be worth my time, and all praised The Veteran's Millennium Health Care Act of 1999: A Case Study of

Role Orientations of Legislators, the President, and Interest Groups:

0 of 0 people found the following review helpful. Dr. Washington is awesome!By JimmyGThough the material is very dense, Dr. Washington does a wonderful job demonstrating the impact that various actors have on the passage of public policy. Between the book and her lectures I'll be able to explain how the machine that is our legislative branch works to my students. Great case study, great professor!

This book chronicles the evolution of veteran's entitlement programs from 1636 through the Veteran's Millennium Health Care Act of 1999. The primary purpose of the book is to identify and explain role orientations of legislators in Congress, the President and Interest Groups in the formulation and enactment of the Veteran's Millennium Health Care Act of 1999.

About the AuthorLa Trice M. Washington is Assistant Professor, Department of History/Political Science, Otterbein College, Ohio.
