To BloviateBy Ingersoll1969F. Lee Bailey says that English is the degree that one should have before

entering law school. I earned a degree in English before going to law school. But at some point in my life I did learn the meaning of the word, "bloat." Bailey would have done well to have learned that word, because that's all this book is. It's an insufferable, self-serving, bloating bore that does little to shed light on how to work a courtroom during a trial. 0 of 2 people found the following review helpful.
