Brightman Hank J : Today's White-Collar Crime: Legal, Investigative, and Theoretical Perspectives (Criminology and Justice Studies) before purchasing it in order to gage whether or not it would be worth my time, and all praised Today's White-Collar Crime: Legal, Investigative, and Theoretical Perspectives (Criminology and Justice Studies):

1 of 1 people found the following review helpful. outstandingBy King KimoExcellent book into the world of White

Collar Crime . Nice informative. Covers the who, what, when, where, how things happen. I am enjoying this book and I feel you may too. I highly recommend both the seller and the book.2 of 2 people found the following review helpful. Great read!!By steph1980Awsome I loved it, this book was great, it is very informative, this is a must read if you are planning to get into the criminal justice field, and you are specializing in white collar crime...0 of 0 people found the following review helpful. Five StarsBy kirkInteresting book, fast ship

Written as a text for undergraduate courses, this book appeals to instructors interested in teaching the field of white-collar crime, both from a matter-of-fact investigative perspective as well as a decidedly academic endeavor. Accordingly, it goes beyond discussing the basic theories and typologies of commonly-encountered offenses such as fraud, forgery, embezzlement, and currency counterfeiting, to include the legalistic aspects of white-collar crime. It also explores the investigative tools and analytical techniques needed if students wish to pursue careers in this field. Because of the inextricable links between abuse-of-trust crimes such as misuse of government office, nepotism, and bribery and the realm of corporate corruption, these issues are also included. The text also maintains a connection between white-collar crime and acts of international terrorism; as well as the more controversial aspects of possible abuses of power within the public arena posed by the USA Patriot Act of 2001 and the asset forfeiture process. Adapted readings at the end of each chapter provide readable cases of white collar crime in action to illustrate the principles / theories presented. Activities, Exercises, and Photographs are also included in each of the 10 chapters and a Companion Web Site provides additional test items and other instructor support material.

About the AuthorHank J. Brightman is Associate Research Professor in the War Gaming Department of the United States Naval War College. He served as an Associate Professor and Chair of the Criminal Justice Department at Saint Peters College from 2000-2008. He also spent 15 years in a variety of law enforcement, investigative, and intelligence analysis positions with the U.S. Department of the Interior, the United States Secret Service and the United States Navy.
