**(author) Gary Watt : Todd Watt's Cases and Materials on Equity and Trusts (Paperback) - Common** before purchasing it in order to gage whether or not it would be worth my time, and all praised Todd Watt's Cases and Materials on Equity and Trusts (Paperback) - Common:

A comprehensive portable library for trusts and equity students incorporating an impressive range of relevant and interesting case law, statutory material, academic writing and official proposals for law reform - all linked by engaging commentary and questions, providing an essential resource for a subject that is heavily case law based.
