Alastair Hudson : Towards a Just Society (Citizenship and the Law Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Towards a Just Society (Citizenship and the Law Series):

This work analyzes the weaknesses in the established political approaches to reform of the provision of justice, judging them as being either too overtly concerned with inappropriate free market structures, or too wedded to legal procedural rules. It argues that the most efficient solution is an adapted version of legal aid as a kind of welfare state benefit and more integrated public services aimed at providing justice for the citizen.
