The Children's Society : Tracing: Information for People Who Wish to Find Relatives before purchasing it in order to gage whether or not it would be worth my time, and all praised Tracing: Information for People Who Wish to Find Relatives:

A booklet providing basic information for people who want to embark on a search to trace relatives. It describes the different steps that can be taken and answers some of the question frequently asked by those involved in adoption. Written primarily to assist people whose adoption placement was arranged through The Children's Society, the booklet should also be useful for anyone else wishing to find relatives.
