Marinella Marmo, Nerida Chazal : Transnational Crime and Criminal Justice before purchasing it in order to gage whether or not it would be worth my time, and all praised Transnational Crime and Criminal Justice:

From trafficking to cybercrime, from terrorism to organised crime, the challenges presented by globalisation to systems of criminal justice are immense. This major new textbook offers a comprehensive introduction to international issues in crime and its control. The book covers essential theories in an accessible fashion, clearly explaining their relevance to contemporary concerns. It goes on to deal with a range of substantive topics in international criminology,

including: " Globalisation " Human rights " Terrorism " Trafficking " Organised crime " Crimes against humanity " Cybercrime " Environmental crime " State crime The book includes case studies and examples throughout, to illustrate key topics and ideas. It also offers tips on further reading and a comprehensive glossary. Transnational Crime and Criminal Justice assumes no prior knowledge and brings readers to the forefront of current debates on transnational crime. It is essential reading for undergraduate students in Criminology and Criminal Justice. It is also of interest to students in Law and International Relations.

For the current generation of students of crime and criminal justice the issues addressed in this book are quite certain to become ever more important from year-to-year. The authors succeed impressively in imposing a coherent organizational scheme on the world of transnational crime and criminal justice and in their discussion of multi-faceted and endlessly complex issues in an accessible and engaging way. The growing number of criminology and criminal justice scholars focusing on one or more dimensions of transnational crime and criminal justice will also find much of value in this book. It richly merits widespread classroom adoptions as well as acquisition for academic and professional libraries.--David O. Friedrichs (09/01/2015)The scholarship deployed in this book is precise, well researched and the writing style is excellent. In my opinion this text provides a notable contribution to teaching in this area and is also of relevance to scholars and policy makers operating in the policing and criminal Justice fields.--Brian Payne (09/01/2015)For the current generation of students of crime and criminal justice the issues addressed in this book are quite certain to become ever more important from year-to-year. (Brian Payne 2015-09-01)About the AuthorDr Marinella Marmo is Associate Professor in Criminal Justice at Flinders University Law School. Marinella researches in the areas of international criminal justice and transnational crime. Currently, she works in the area of migration, border control and human mobility. She has co-authored the books Crime, Justice and Human Rights (with Leanne Weber, Elaine Fishwick) and Race, Gender and the Body in British Migration Control (with Evan Smith) and co-edited a number of books. Her research has been widely cited in numerous newspapers, including The Guardian and The New York Times. She is the recipient of an Office for Learning and Teaching Citation for Outstanding Contributions to Student Learning by the Australian Federal Government.Dr Nerida Chazal is a Lecturer in Criminology at Flinders University, Australia. Her research examines the aims and functioning of international criminal justice in a complex and increasingly global world. In particular, she researches the International Criminal Court and state crime. She is author of The International Criminal Court and Global Social Control (Routledge, 2015) and co-editor (with W. De Lint and M. Marmo) of Criminal Justice in International Society (Routledge, 2014).
