Ilona M. Bray : U.S. Immigration Made Easy before purchasing it in order to gage whether or not it would be worth my time, and all praised U.S. Immigration Made Easy:

0 of 0 people found the following review helpful. Great resource. Keep it, use it and throw away other legal guides.By AniaThis is an A-M-A-Z-I-N-G book written by lawyers for humans. Excuse me, I mean, for non-lawyers.If you have ever read a legal text and then felt completely blank and immediately forgot what you've just read - this book is for you because it is so simple and so comprehensive you will have no difficulties reading it. And the instructions are precise and correct.1 of 1 people found the following review helpful. EXCELLENT HOW TO AND REFERENCE MANUALBy Dr. J - NOLANOLO is known for its thoroughly engaging publications. This one is no different. It is easily understood. Lay people should have little difficulty getting a very necessary introduction to the complicated and complex world of Immigration. While it could never substitute for the advice and counsel of an experienced Immigration attorney, this book does provide the reader with more than a basic understanding of what's behind the

various Immigration forms and applications. I highly recommend it. 6 of 7 people found the following review helpful. I think Nolo's title is misleading. By None_None This book is well-written, like all of NOLO's books. So if you want to attempt applying for legal US status, this is a good way to find out more about the process. In the end, though, I think this book only reinforces the horrible tangle of US immigration and how difficult it is to navigate those waters. It explains enough to make you want to go out and get a lawyer!!

1. First, the title is misleading. I understand that they want to sell books, but there is nothing about US immigration that is "easy". And this book won't help you if you are already in the country without papers. Just move on.
2. Second, NOLO excels at simpler legal matters, like how to fight a traffic ticket, or how to be a better landlord. Immigration is a much tougher beast. I'm not sure that any book can really be comprehensive enough to do the job.
3. I think that Nolo needs to be a little more forthright about the fact that this book will not help the majority of people that are trying to obtain legal status, and even those who are here legally (like students) probably won't be helped by this book.
4. The number of glowing anonymous reviews is suspect, although it is possible that the posters are posting their reviews anonymously because they are afraid that somehow someone will be able to trace them. I have found that immigrants tend to be a suspect bunch (my parents are a prime example!).

Now, despite all of these shortfalls, I still feel that the book deserves 4 stars. Why? Because Nolo's book is still the best one out there. I can't recommend any book that's better, which is unfortunate. So, if you are looking for a book on Immigration, buy this one. The Nolo press book on Fianc visas is the best on the market, too, if your particular situation applies.

Ready to move to the USA? Here's the insider's guide you need! U.S. Immigration Made Easy covers every possible way to legally enter and live in the United States. The author explains how the immigration system really works, showing you how to qualify for: *work visas *student visas *refugee status *green cards *citizenship *and more Step-by-step instructions show how to fill out and file forms and how to approach the enormous USCIS bureaucracy. Thoroughly updated and revised, the 12th edition covers the latest legislation, and provides new information to help you understand your rights and protect your applications from bureaucratic hassles. It also shows you where to find the most up-to-date forms you need on the Internet.

"A new option.... Save \$500 to \$8000 in legal fees." -- Asian Week "Highly recommended.... Instructive and explanatory." -- United States Information Agency "Well worth the investment -- considerably less than what one would pay for an hours consultation with a lawyer." -- Irish Echo "Well worth the investment -- considerably less than what one would pay for an hour's consultation with a lawyer." "A new option.... Save \$500 to \$8000 in legal fees."
