Marshall A. Leaffer : Understanding Copyright Law (2014) before purchasing it in order to gage whether or not it would be worth my time, and all praised Understanding Copyright Law (2014):

The landscape of copyright law has changed dramatically since the last edition of Understanding Copyright Law. During the past several years both the Congress and the courts have tried to adapt copyright law to the new, interactive (internet 2.0) digital technologies, such as You-Tube, and Facebook, and to efforts like the Google Book Search

Project. This new edition of *Understanding Copyright Law* has incorporated all the recent case law and legislative developments, focusing on the challenges of the digital age. Written with clarity and precision, this edition of *Understanding Copyright Law* remains the most accessible and comprehensive text for students of copyright law.
