Vickie Schumacher, Jim Schumacher : Understanding Living Trusts: How You Can Avoid Probate, Save Taxes and Enjoy Peace of Mind before purchasing it in order to gauge whether or not it would be worth my time, and all praised Understanding Living Trusts: How You Can Avoid Probate, Save Taxes and Enjoy Peace of Mind:

1 of 1 people found the following review helpful. Great for basic knowledge of TrustBy MichaelGreat for basic knowledge for living trust but should also seek other resources for updated information and other points of view.11 of 11 people found the following review helpful. Highly recommend if help is needed getting startedBy A CustomerMy in-laws had been putting off estate planning, which would put the family business at jeopardy at their death. The first chapter gives examples of what happens without planning, and after reading it, they started the process of a living trust and most importantly finished it! The book also showed my husband and I why we needed a living trust to protect our young son (so he would not inherit wealth, without strings, at a naive 18), and why my widowed sister needed a trust to protect her children receiving an inheritance if she died after remarriage -- without a trust her inheritance would go to husband #2, and not her children. The book helps.12 of 12 people found the following review helpful. The Most Understandable Book On Living Trusts In Print.By A CustomerVickie and Jim Schumacher have done a wonderful job in taking a complex subject like estate planning and make it real for the rest of us. I know now what I need to do,

in order to protect my estate from probate and legal fees
