**Jacqueline D. Stanley : Unmarried Parents' Rights** before purchasing it in order to gage whether or not it would be worth my time, and all praised Unmarried Parents' Rights:

0 of 0 people found the following review helpful. Great information for single parents!By Sara D.I ordered this book to help a friend gain custody of his child. The book helped get him the information he needed. However the book was outdated. I highly recommend this book but make sure to get updated version.0 of 0 people found the following review helpful. best bang for your buckBy CustomerIf your going through custody plan on having custody or foresee a custody situation and if you love your kids do yourself and your lawyer a favor pick this up and read it will save you

\$\$\$ time and heartache. 0 of 0 people found the following review helpful. Single Father; Pro Se By James Plumb Good book on legal issues. Explains how to do a lot of the paper work for court yourself instead of paying an over priced attorney that is just looking to make big bucks off of you and your emotions (Shame on them). I used this book and successfully filed and was granted what I ask for in my current motions.

Child custody, support and paternity suits can be complicated when parents are unmarried. This book discusses in understandable language the legal rights and duties of unmarried parents. Topics on such important issues as visitation, court procedures and establishing paternity are addressed as well. This book contains specific legal information for all 50 states and the District of Columbia. Sample forms, a complete glossary and a thorough index provide valuable information for those trying to protect or understand their legal parental rights.
