Randall Bunnell : Utah Auto Law before purchasing it in order to gage whether or not it would be worth my time, and all praised Utah Auto Law:

0 of 0 people found the following review helpful. Must have for attorneysBy CustomerClearly the most comprehensive and detailed treatise on auto cases for the state of Utah and well worth the price. I just wish they would have a bundle price for the book and the Kindle version.

Utah Auto Law is the first and only comprehensive treatise on Utah's law of auto insurance and accident liability, covering every aspect involved in the settlement of an auto personal injury claim. Not only does this treatise discuss in great and meticulous detail the core legal issues of auto accident law (e.g., insurance coverage, bad faith, damages, traffic law); it also discusses in similar detail tangential issues (e.g., negligent entrustment, subrogation, exclusive remedy) that can arise in some cases. Utah Auto Law provides for both plaintiff and defense perspectives, and is

designed to serve attorneys, judges, and claims adjusters. With its detailed table of contents and concise text, this single-volume treatise is as handy as it thorough -- readers will find it indispensable in both the office and the courtroom.
