dierk Neumann : Vulnerable and Disconnected Youth: Background and Policies (Children's Issues, Laws and Programs) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Vulnerable and Disconnected Youth: Background and Policies (Children's Issues, Laws and Programs):

This work provides an overview of the youth population and the increasing complexity of transitioning to adulthood for all adolescents. It also provides a separate discussion of the concept of 'disconnectedness' that youth can develop during childhood and adolescence that can mitigate poor outcomes.
