Walter Wadlington, Raymond O'Brien : Wadlington and O'Brien's Cases and Materials on Domestic Relations, 6th (University Casebook Series) (English and English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Wadlington and O'Brien's Cases and Materials on Domestic Relations, 6th (University Casebook Series) (English and English Edition):

leaving this review to help sell a book, I'm leaving it because this was probably the best textbook I used in law school. Of course, it's a little difficult for me to tell because this was also the best professor (or possibly second best) that I had in law school. Ordinarily, I would not recommend a law school textbook to anyone who is not a law student. But this book is readable (and thick) enough to be used as a treatise. You probably can't find a better primer on domestic relations (or as we called it, "family law"). On the other hand, even if you are not a lawyer or a law student, this book is so readable that it will help you understand virtually every aspect of the law of families (i.e. domestic partnerships and separations, marriage, divorce, custody/visitation, foster care, adoption, etc.). The cases and statutes are even edited so that they are very readable and concise. I recommend this book to anyone in the law, and anyone who wants to understand the law of family.

The sixth edition of the casebook retains most of the discussion cases in the previous edition and complements them with statutes indicating changes in American law. Among the changes incorporated are civil unions, now available in four states, and the extensive domestic partnership statute incorporated into California law. Additional incorporations include the safe haven laws, plus the recent partial birth abortion decision of *Gonzales v. Carhart*. The casebook seeks to balance federal and state interests and to offer a smattering of international statutes for comparison. The book is designed to be used in a two, three or four credit course. Specific topics include: Private ordering after *Marvin v. Marvin*; Parental rights after *Troxel v. Granville*; Same Sex Marriage after *Goodridge v. Department of Public Health*; Assisted Reproduction after the Uniform Parentage Act; Children's custody, support, relocation, protection from injury, and adopti
