Tom Harbin MD : Waking Up Blind - Lawsuits Over Eye Surgery before purchasing it in order to gage whether

or not it would be worth my time, and all praised *Waking Up Blind - Lawsuits Over Eye Surgery*:

Imagine trusting a doctor--with the best reputation in the state--to do surgery on your eyes. Now imagine the worst of outcomes. Blindness in an eye that you learn, in fact, never needed surgery. And the medical center where you were treated is ignoring the problem. *Waking Up Blind* is the story of how an eye surgeon became the cause of an array of medical problems for his patients. It is also the story of how one of the nation's premier medical centers tried to conceal the growing scandal. The faculty who exposed the problems were punished. Official committees and the university leaders minimized the misconduct. Slowly, lawsuits and publicity brought some to light in bits and pieces. With the use of court documents, transcripts of tape-recorded conversations, interviews, and personal observation, Dr. Tom Harbin presents this case from the very beginning, uncovering all levels of wrongdoing and secrecy. *Waking Up Blind* will shock the reader with its candid exploration of the dark side of medicine.
