**Gary H. Collins, David Z. Seide : Warning the Witness: A Guide to Internal Investigations and the Attorney-Client Privilege** before purchasing it in order to gage whether or not it would be worth my time, and all praised Warning the Witness: A Guide to Internal Investigations and the Attorney-Client Privilege:

This guidebook covers the practical issues of attorney-client privilege in internal investigations. Any attorney who conducts an interview in an internal investigation faces a unique set of challenges, not least of which is the tension between representation of the corporate client and fair treatment of the corporate constituent. This book addresses some of the more complex questions associated with the attorney-client privilege.
