**William Bronchick : Wealth Protection Secrets of a Millionaire Real Estate Investor** before purchasing it in order to gage whether or not it would be worth my time, and all praised Wealth Protection Secrets of a Millionaire Real Estate Investor:

Both the seminar and Bronchick's book were instrumental in formation of my expertise in the use of corporations for asset protection for my real estate business. Admittedly, this book is light on details, but the diagrams and examples provided more than make up for that. Besides, you should seek professional advice anyway in addition to this material.This book is a goldmine for the entrepreneur. Not only is the advice great for those of us in small business, but the material is a rich source of practical ideas you can apply to your operation.3 of 3 people found the following review helpful. not thorough enoughBy ssktThis book tries to cover land trust, C, S, SP, GP, LP, LLC, estate planning, asset protection, and more in 100 pages. Go figure.I find it touches on all the subjects, but none of the subjects was covered thorough enough. None of

the entities was explained in detail to give the reader a complete understand. I wouldn't recommend it to anybody who's new to the concept. But it does cover most of the ideas of asset protection, and has a good collection of legal forms. So it might be a good addition to somebody who knows what he's doing, but just need a quick reference. This is why it's a 2 star, instead of 1. So, pick your place. 7 of 7 people found the following review helpful. I ain't saying you a gold digger but... By B. Worded People only sue other people who have money! This book touches on the important ABCs on avoiding lawsuits, avoid standing out in the broke crowd, and holding assets in anything but your own name without losing control of them. There is a very enlightening section on Life Insurance that was worth every penny in itself. This taps into Land Trusts but for a complete package I found it with Land Trusts by Louis Brown (just be prepared to pay serious \$\$) because this topic doesn't come easy to me. Never-the-less, this is the book for you if you're ready to protect your ass-ets.

Successful real estate investors and entrepreneurs who've spent countless hours building wealth often see their profits dwindle due to an IRS hitch or other legal snag. After working so hard to be prosperous, investors need to know how to hang on and preserve their wealth. In a clear, methodical, and accessible way, *Wealth Protection Secrets of a Millionaire Real Estate Investor* outlines the steps and techniques to safeguard investments. Until now, William Bronchick's wealth protection secrets have been available only to attendees of his powerful seminars, who have consistently praised his cutting-edge, concise, money-saving advice. In *Wealth Protection Secrets of a Millionaire Real Estate Investor*, Bronchick shares his proven methods, including how to: \*Use trusts for asset protection and tax savings. \*Hire family members for tax deductions. \*Create a paper trail to help during a lawsuit or IRS audit. \*Defer income tax payments without a penalty. \*Slash taxes through the use of corporate entities. \*Gain protection from financial ruin in a divorce. \*Understand the "secrets" of life insurance to minimize costs and financial risks. Also included are sample asset protection plans that can be easily modified. Smart real estate investors and successful entrepreneurs will get an indispensable collection of some of the best ethical and legitimate tactics for maximum wealth protection.
