Alexis Martin Neely : Wear Clean Underwear!: A Fast, Fun, Friendly and Essential Guide to Legal Planning for Busy Parents before purchasing it in order to gauge whether or not it would be worth my time, and all praised Wear Clean Underwear!: A Fast, Fun, Friendly and Essential Guide to Legal Planning for Busy Parents:

8 of 9 people found the following review helpful. Seems Like Simply Marketing Material By Book LoverI am

frustrated with this book. I purchased it because I thought it might be a good resource to help me prepare some legal documents. The title after-all says that it is a GUIDE to legal planning. Instead of finding step-by-step guidance, it refers the reader to various websites that appear to be connected to the author (or her affiliates). Accordingly, this appears to me to be essentially marketing material. Sites quoted in the book require you to register and provide a bunch of sensitive information (name, address, etc.) before you are given access to any forms or additional information. I did not complete the registration process on those websites, so I cannot review the content there. I did a bit more research on this author and it appears that she has numerous websites selling a variety of services/programs. In my opinion, a reader who has never thought about this topic may find this book somewhat informative. If you have, however, thought about and come to the realization that you need to plan for such matters, then you may (like I have) find this book disappointing and lacking the guidance to independently (of her promotional websites) do anything about it. 0 of 0 people found the following review helpful. Exceeded my expectations! By M C C The real life stories in this book really emphasize why you need to pay attention to your family's legacy when you can! 0 of 0 people found the following review helpful. Great advice. Eye opening! By Eline I wasn't as educated as I should have been on estate planning. This book was eye opening and very easy to follow. Highly recommend!

Now that you are a parent, wearing clean underwear when you leave home simply isn't enough. You've planned birthday parties, playdates and education, but have you adequately planned for what would happen if you were in an accident? What would happen in the first 24 hours while the officials locate your family members and arrange for your children's care? Are your plans sufficient to keep your children in the care of people you know and trust during these critical hours? And what about your money and home? Will your legal documents keep your family together or tear them apart? In an easy-to-read story format, *Wear Clean Underwear* takes you on a journey to discover in fast, simple-to-understand terms exactly what will happen based on your current plan, and what happens if you don't have a plan. Showing you how to avoid unnecessary taxes and a broken-down court system, the book guides you to transfer your values, love, and support to your children and loved ones with ease.

This book will impact the way you think about your assets, values and children. Now is the time to take action; it could save your children from paying excessive estate taxes or suffering a drawn-out probate. More importantly, what you do today could ensure your values are passed down for generations; leave the legacy you intended to leave. -- Loral Langemeier ""mother, master coach, wealth strategist, best-selling author of the Millionaire Maker book series and founder and CEO of the wealth building community LiveOutLoud.com""
