Paul Weiler, Gary Myers : Weiler and Myers's Entertainment, Media, and the Law: Text, Cases, and Problems, 4th (American Casebook Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Weiler and Myers's Entertainment, Media, and the Law: Text, Cases, and Problems, 4th (American Casebook Series):

0 of 0 people found the following review helpful. Good readBy Aaron AgrasanchezI like this book, I like the cases. It's not a boring read at all, it makes it understandable for those who don't understand law that well.0 of 0 people found the following review helpful. I am disappointed about the condition of the bookBy SunshineI just received the book. I am

disappointed about the condition of the book.0 of 2 people found the following review helpful. I received what I paid for.By AYThe book was received in acceptable condition as was noted in the description. A little beat up and whatnot, but that is what I paid for. Shipping was a bit delayed but nothing too crazy.Overall smooth transaction, would probably buy from again.

The fourth edition of this popular casebook reflects many new developments in the rapidly changing entertainment industry, both from a legal and practical perspective. More than half of the book consists of an updated textual discussion of the evolution and current state of the entertainment industry, along with key cases for discussion and illustration of central legal themes. The new edition includes recent cases, such as the Supreme Court's decision in *FCC v. Fox Television Stations*, with regard to fleeting expletives on broadcast television, as well as important circuit court decisions on copyright, trademark, right of publicity, and defamation issues. Other new developments include recent litigation regarding First Amendment protections for video games (now before the Supreme Court), copyright protection for material streamed or otherwise made available on the Internet, the FCC's new net neutrality policy, and the most recent Writers Guild strike.
