**Robert Smith : West's Tax Law Dictionary, 2009 ed.** before purchasing it in order to gage whether or not it would be worth my time, and all praised West's Tax Law Dictionary, 2009 ed.:

Good reference for tax termsBy John FarolanThis dictionary is useful because the book not only shows the definition, but it gives you other references concerning a word, such as, related IRS forms, tax charts, etc. Sometimes the definition is not as detailed as I'd like it to be, but the references overcome that.Definitely worth buying.
