Susan G. Parker Esq. : What To Do When Someone Dies (Real Life Legal) before purchasing it in order to gage whether or not it would be worth my time, and all praised What To Do When Someone Dies (Real Life Legal):

0 of 0 people found the following review helpful. Things are confusing enough when we have to deal with these situations and I found this book easy to understand and informativeBy lmI just finished reading this book and I am grateful to the author for putting this in understandable format. Things are confusing enough when we have to deal with these situations and I found this book easy to understand and informative. Everyone will get something out of this

book. It is enjoyable and easy to read, not dry like you would expect subjects on this matter would be. 1 of 1 people found the following review helpful. great practical advice for executors and those in stages of illness By joanne Found this to be extraordinarily helpful in getting things ready for my family after I was diagnosed with an illness. I'd recommend it for anyone who wants straight talk and solid advice with a dose of humor too. Very easy to read and understand. 0 of 0 people found the following review helpful. Easy to digest By Anonymous The suggestions in this book are relevant, dealing with things that might be easily overlooked like online accounts. Since most people might not think to read it until someone has died, the to-the-point style makes the book really understandable when you may be overwhelmed with the planning that comes after a loss.

Whether a loved one is ill and you fear the worst, you're dealing with a sudden and unexpected death, or you're the executor named to handle the affairs of someone who's just died, this book will help you understand what needs to be done. It can also help you get your own affairs in order, if you don't want to leave a mess for your family. Written by an attorney who specializes in trusts and estates, this simple guide shepherds you through the end-of-life process, from near death to probate. It's a compassionate insider's take on preparing for wrapping up another's life, from calling the coroner's office to making funeral arrangements and protecting assets. In the final stage of a last illness, you'll want to be sure you understand end-of-life wishes including a living will, anatomical gifts, burial instructions and the location of important legal documents such as a will, deed or trust. You'll need to quickly get up to speed to discover online passwords, safeguard assets and notify next of kin (for the funeral and probate). There's a lot to take care of at a time when feelings of loss and emotions may run high, and we want you to be as prepared as possible with the things you can control. We cover that all here. And make it easy to understand. Real Life Legal wants you to be prepared.
