I should've spent the extra \$9 for a new one.0 of 0 people found the following review helpful. very disappointedBy Jake RossVery disappointed my book came with 30 pages missing1 of 1 people found the following review helpful. This workbook is a good source to have as you embark on your journey ...By Andrea EvansThis workbook is a good source to have as you embark on your journey in the Human

Services field. It gives thought provoking scenarios to work through so it can help when you become a helping professional. It also helps you to think about the morality and ethical values of what can happen in the helping profession.

Based on the National Organization of Human Service Workers (NOHSE) Ethical Code of Conduct, this detailed guide to ethical decision-making provokes thoughtful consideration of all sides of various ethical, real-life dilemmas. The book acquaints readers with a variety of ethical issues and stimulates reflection, discussion, and questions about these issues and standards. The author provides a wide variety of ethical dilemmas for students to consider, along with her own suggested resolutions. These ethical dilemmas, drawn from the real-life experiences of students and professionals around the country, consider such issues as exams and papers, student competency and risk, informed decisions and dual relationships. This workbook is ideal for use along with any ethics textbook or as a stand-alone learning tool.

"I really enjoyed this workbook. Not only was it easy to read, but the activities were clear and well thought-out." "a valuable asset for human service curriculums. This book provides real life examples drawn from the experience of human service students and professionals from across the country. Students will be able to easily identify with the case studies depicted." "This book is wonderful. I can visualize using it in a variety of classes from introduction to human services to issues and ethics and on into the pre-practicum and practicum seminars connected to the field experiences."
