"What to Do When the Unthinkable Happens: Your Guide to Florida Child Abuse Cases" For all parents it is indeed "unthinkable" that their child could be the victim of child abuse. No parent wants to think about such a horrific possibility. But if the UNTHINKABLE happens, parents MUST think about it. They need a guide to help them think clearly and rationally. "When the Unthinkable Happens" is a step by step guide showing parents of abused children where to get help, how to find an experienced attorney, how to find a qualified therapist, and what their legal rights are. It also explains the different types of damages that may be recoverable in settling a child abuse claim. Damian Mallard has settled numerous child abuse cases in his career. He is an Eagle Member of the Florida Justice Association, Member of the American Association for Justice, the Sarasota County Bar Association and the American Inns of Court. He is Board Certified in Civil Trial Law, which is a distinction held by less than 2% of attorneys in Florida. In 2010 he was recognized as one of the top one hundred trial lawyers in the State of Florida.
