Barry M. Fish, Les Kotzer : Where There's An Inheritance... before purchasing it in order to gauge whether or not it would be worth my time, and all praised Where There's An Inheritance...:

0 of 0 people found the following review helpful. ... stories that are targeted for high school level at best; still instructive on a factual level By B Very rudimentary stories that are targeted for high school level at best; still instructive on a factual level, and as insight as to what drives people to conflict. 2 of 3 people found the following review helpful. Inheritance Wars By richshill2 As the recipient of zero inherited wealth I'm a dis-interested observer of those who believe that money they didn't earn truly belongs to them. The stories in the book are very telling and

families who are in line for an inheritance should have every family member read this book, they may see themselves in it. It's a fun and fascinating book whether you will inherit or not. 1 of 2 people found the following review helpful. Needed for preparation of a new Will. By Norman Halverson Very informative for setting up my Will. This book gives a very detailed account information on Attorneys having had actual experience dealing with the preparation of setting up clients Wills.

Step into the world of two Wills lawyers. A world very few get to see. Long time Wills lawyers Barry Fish and Les Kotzer share dozens upon dozens of inheritance related stories that may shock you, touch your heart and even make you laugh.
