Regina Lahab : Who's Ya Goddaddy? How To Properly Choose A Godparent For Your Child before purchasing it in order to gage whether or not it would be worth my time, and all praised Who's Ya Goddaddy? How To Properly Choose A Godparent For Your Child:

A book unlike other books on godparents. This book not only defines the term godparent, this book provides current parents and future parents advice on how to properly select a godparent for their child. With a Masters degree in Social Work, the books author has many years of experience working with families, children and youth. The author explains why it is important to appoint a godparent as a legal custodial guardian. The authors writing style is personable and in a conversational tone. With 20 pages of reading material, the book is brief but packed with a lot of vital information.
