Bradley Winston : Why Most Medical Malpractice Victims Never Recover a Dime (Winston Law Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Why Most Medical Malpractice Victims Never Recover a Dime (Winston Law Series):

This book is about the tough world of medical malpractice. Many folks try to "get rich quick" for every perceived disservice done to them by a doctor or hospital. Some lawyer advertising makes it sound that easy, doesn't it? Insurance companies and medical professionals, on the other hand, might be happier if malpractice lawsuits were simply banned. I wrote this book to give you the facts on malpractice lawsuits, hiring an attorney, and dealing with the insurance company. Forget the hype. If you have a legitimate case, contact me at www.WinstonLaw.com for more details. Learn more about the Winston Law Series. Our other books include: *The Truth about Lawyer Advertising*; *Five Deadly Sins*; *Buying Car Insurance*; *Robbery Without a Gun*; and *Making the Right Choice*.
