Lawrence H. Averill : Wills, Trusts, And Future Interests (Black Letter Outlines) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Wills, Trusts, And Future Interests (Black Letter Outlines):

Designed to help law students recognize and understand the basic principles and issues for many areas of law, the Black Letter Outline Series aids in class preparation as well as in studying for bar exams. Averill's Black Letter on Wills, Trusts, and Future Interests, 2d contains a comprehensive outline divided into ten sections relating to the commonly segregated parts of gratuitous transfer law. Written by a recognized national authority, the books provide capsule summaries, which are abbreviated reviews of all key concepts in a title, and practice examinations, examples, and review questions. The Black Letter Outline Series is the perfect tool for students who simply need to know about

an area of law and its application.
