Emanuel : Wills Trusts (Law in a Flash) before purchasing it in order to gage whether or not it would be worth my time, and all praised Wills Trusts (Law in a Flash):

5 of 5 people found the following review helpful. mixed feelings By J. Janko I have mixed feelings about this set. I was generally happy with most of the first year cards and would recommend them for anyone who is looking to get a handle on how black letter law works in practice. While I found the trust and wills card helpful, the intestacy cards are few and their application of UPC per-capita relies on some older version of UPC without saying so. I don't really understand how that happened. Their whole handling of per stirpes and per capita sounds as if one actually could choose one over the other - I was disappointed. 0 of 0 people found the following review helpful. It came in the condition as promised and sooner than expected. I would definitely purchase again from this seller. Thanks!
