Lays everything out.0 of 0 people found the following review helpful. succinct and well-writtenBy Lisa DallessandroThis is a good book because it has problems on one side and answers on the other. The answers are concise and break down the problems well. It was shipped promptly and arrived in good condition.0 of 0 people found the following review helpful. useful workbookBy laueelfI thought this workbook was useful for going through future interest problems. I liked how the book took you step by step in the answers. My only comment is that the rule of perpetuity problems

could be expanded

This title provides a basic introduction to estates and future interests law. Designed to offer solid knowledge of the areas central concepts, it guides readers through a series of increasingly complex conveyances. The workbook begins with an analysis of the fee simple estate and builds sequentially toward more complicated interests and conveyances. The information proceeds from the simple to more complex, later problems building on the successful command of earlier material. The workbook also contains an extensive glossary, summary charts, and a set of review problems that test the readers developing mastery of the material.
