From The Guilford Press : Working with Divorcing Spouses: How to Help Clients Navigate the Emotional and Legal Minefield by Margulies PhD JD, Sam(June 6, 2007) Hardcover before purchasing it in order to gage whether or not it would be worth my time, and all praised Working with Divorcing Spouses: How to Help Clients Navigate the Emotional and Legal Minefield by Margulies PhD JD, Sam(June 6, 2007) Hardcover:

1 of 1 people found the following review helpful. A book every MFT or couple counsellor should readBy T. FontanaI got the kindle edition. I really really found this book to be helpful. I got it because I'm doing a continuing education course for my NCC. I've had the opportunity to work with a couple of clients that were divorcing and wish I had this book. He is right, when couples are divorcing is when they really need the assistance of a mental health professional to guide them to a good divorce versus a high conflict divorce that is bad and mentally costly for everyone.The highest praise I can give this book is that it is Practical. I find it use, it reflects concepts Gottman's is speaking about only in 2011 about trust and he wrote this is 2007. He's very pro counsellor and helps you see new angles to the same old problem.highly recommend

Will be shipped from US. Brand new copy.
