**Kathleen Martin RN : Writing Case Reports: For Legal Nurse Consultants: A Must-Have for the New Legal Nurse Consultant** before purchasing it in order to gage whether or not it would be worth my time, and all praised Writing Case Reports: For Legal Nurse Consultants: A Must-Have for the New Legal Nurse Consultant:

9 of 9 people found the following review helpful. lots of opinion, not much concrete helpBy dgregrlfunLots of fluff

without much substance. Nice for light reading to follow up a term seen in a magazine article, but not helpful for those interested in exploring or enhancing their skills. 9 of 9 people found the following review helpful. Poor Editing  
By Julia Lucero  
The content of this guide is fair, but almost every page has some type of error, either in grammar, spelling or punctuation. This made it a very difficult read for me, especially because the book is meant to be a guide to REVIEWING/scrutinizing documents/medical records, and writing a thorough, concise case report. I feel as though the book was written in a hurry and very poorly edited.

This is a fast, quick, and easy reference for those who are beginning in the field as a Legal Nurse Consultant or other Medical Expert. As the title states, the focus is on how to write a winning report for Attorneys who contract with you on medical malpractice and negligence cases. Many sample Plaintiff and Defense reports are provided. A MUST HAVE!
