Mike Lewis : Your New Book: The Foundation of Your Profit Platform (Volume 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised Your New Book: The Foundation of Your Profit Platform (Volume 2):

1 of 1 people found the following review helpful. Great BookBy Carolyn A. LewisI've purchased a few books in the past on book publishing, but was never able to get through them. They were complicated, and written in a way that

novices couldn't really understand. Until now. I started reading Mike Lewis's "Your New Book" book, and actually read the whole book! He spells out the various processes of book publishing in an easy manner, and informative way. He even explains the how's and why's of a business person having a book, and it all made sense. Before deciding to write and publish a book, everyone should read this book. If you want just one book that covers it all in a way that you can quickly access and put to practical use, then get Mike's book. The material in the book is well proven, helpful and designed for anyone.
